

Pallets for all needs

- Low weight - low freight
- Hygienic and insect-free
- Recycles to cardboard
- Complete transport and packaging solutions

 **LitePaq**
Transport Packaging

Strong recyclable pallets

LitePaq pallets can carry anything from a few kilograms to several tons.

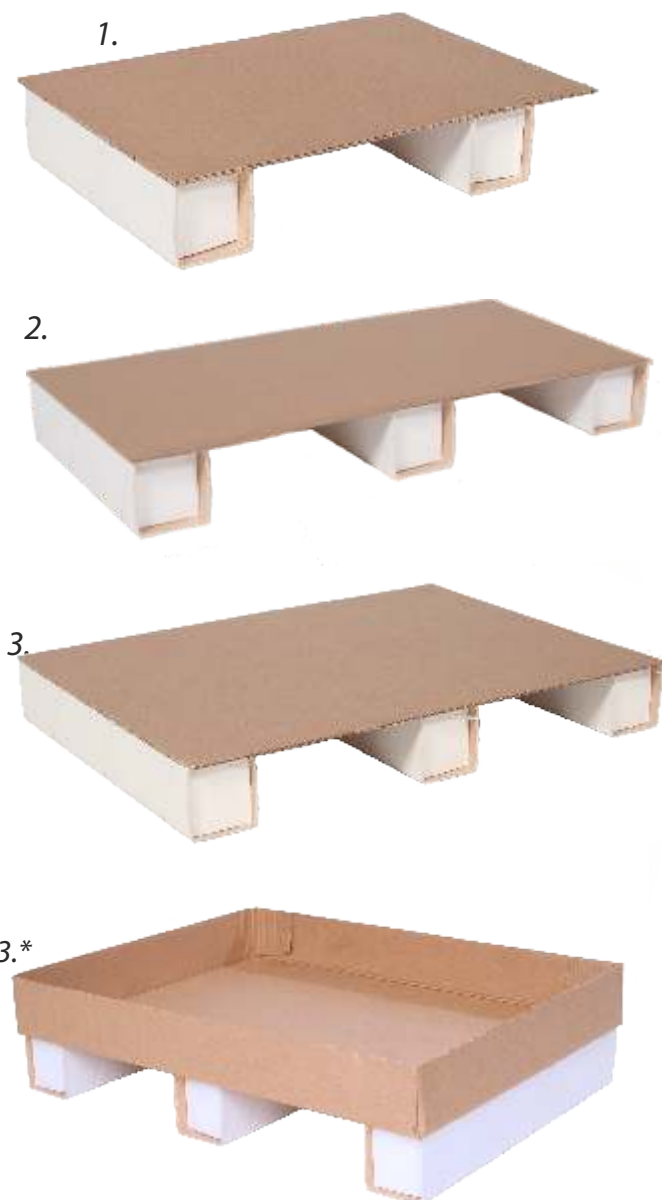

LitePaq pallets can be customized, from 600x400 mm and up.

LitePaq products can be used in production areas with high hygienic demands.

Businesses do not have to deal with returns, charges, deposits and administration. After use, the pallet is thrown into the shop's compactor together with corrugated board and cardboard.

When LitePaq pallets replace wooden pallets, airfreight savings usually outweigh pallet cost.

Standard pallets

	Measures (mm)	Weight (kg)	Load cap. (kg)
1. Quarter pallet			
W6040	600 x 400 x 107	0,8	200
T6040	600 x 400 x 115	1,0	200
2. One-third pallet			
W8040	800 x 400 x 107	1,4	300
T8040	800 x 400 x 115	1,7	300
3. Half pallet			
W8060	800 x 600 x 107	2,0	400
T8060	800 x 600 x 115	2,5	400
UW8060*	800 x 600 x 107	2,2	400
LP8060**	800 x 600 x 47/55	1,5	400

	Measures (mm)	Weight (kg)	Load cap. (kg)
4. Two-way euro size pallet			
W80120	800 x 1200 x 107	4,0	800
T80120	800 x 1200 x 115	5,0	800 (400 in racks)
UW80120	800 x 1200 x 107	4,8	800
5. Four-way euro size pallet			
FT80120	800 x 1200 x 115	5,0	800 (400 in racks)
FW80120	800 x 1200 x 107	4,8	800
FUW80120	800 x 1200 x 107	4,8	800
6. Pallet with plastic top			
KP8060	800 x 600 x 108	4,0	400
KP8060	800 x 600 x 110	5,0	400
KP80120	800 x 1200 x 108	8,0	800 (400 in racks)
KP80120	800 x 1200 x 110	10,0	1000 (400 in racks)

Corrugated pallet collars open up new possibilities within transport, handling and marketing.

Advantages:

Lower weight. Compared to conventional pallet collars made of wood, the weight and transport costs are dramatically reduced while manual handling becomes easier and more ergonomic.

Technically the corrugated collar functions just like a regular wooden collar. It is transported flat, folds up and is secured with pins. The extremely rigid material has a high load capacity. And the outside is also coated with a moisture resistant barrier.

With a few simple motions you have a displaying bulk container that may be used at the store directly. No part of the collar goes on the outside of the pallet. Corrugated collars are available for both full- and half-pallet. The lid and bottom are identical and can be used as both.

Weight

Full pallet collar	2,7 kg
Half pallet collar	1,8 kg
Lid full pallet	2,12 kg
Lid half pallet	1,05 kg

Internal dimensions

Full pallet	1155 x 755 mm
Half pallet	755 x 555 mm

Collar height 195 mm

Stacking strength

Tested stacking strength * at Innventia
full pallet 3 collars high 260 kg

*) Stacking factor 5

Ecopallet is a new cheap solution on one way pallet

No return transport cost, no administrative cost. After using puts in compriator with all other corrugated.

1. Quarter pallet

2. One-third pallet

3. Half pallet

4. Eurosize

	Measures (mm)	Weight (kg)	Load cap. (kg)
1. Quarter pallet

7. LitePaq Box *LPB*

New smart product ready for delivery.
Contains: UW pallet, sidewalls and lid.
Easy to pack, quick to assemble.
All in one.

7.

7*.

7*.LPBH

LitePaq box in heavy-duty.
The box in highest quality (AAA).
Easy to pack, quick to assemble.
All in one. Optional panel with hinges.
Can carry great loads.
LPB and *LPBH* available in half pallet
and eurosize pallet.

Smart packaging solution

Logistic organizer with integrated pallet.
Comes in all sizes.

Miscellaneous products

Papertape for high heat.

Accessories

SHM - Adhesive pallet stringers

Pallet feet from laminated PE-coated liquid packaging board, waterproof. Adheres to most surfaces. (max length 1400 mm)

8.

Pallet stringers

Used in special packaging. Can be foam coated.

9.

Square tubes

Used as corner pillars in packaging. Without supports or adhesive. Optional length up to 6000 mm. Carries up to 400 kg standing / unit

10.

		Measures (mm)			
8. Adhesive pallet stringers		9. Pallet stringers		10. Square tubes

Custom made packaging solutions

Packbox incl. pallet from 400x600 to 2000x3000 mm

Tube box up to 8000 mm

Tube box up to 5500 mm

Miscellaneous box sizes

Facts:

Pallet stringers:

Laminated PE-coated liquid packaging board.
Heat laminated in layers. Waterproof.

Load deck:

Corrugated board 7 - 15 mm triple AAA.

Weight:

4,5 kg (eurosize pallet).

Load Capacity (eurosize pallet):

Static pressure tested to 10000 kg.
Recommended dynamic load 800kg.

Hygienic:

Accepted in all countries without sanitation.
Can be used in stores with open food ingredients.
(Supermarkets, bakeries, pharmaceutical)

Recycling:

100% recyclable. (92% cardboard and 8% energy).
The pallets can be disposed of into compactors
with other corrugated and cardboard.
